

Medway Cambios

- A. El header debe tener dos franjas:

- B. **La primera franja (aprox 40px alto) debe tener:**

height: 40px;

background-color: #053749;

font-family: "Times New Roman", Times, serif;

font-size: 16px;

- C. **La segunda franja, fondo blanco debe decir: Making travel easy and accesible since 2001:**

border-bottom: 10px solid #3b9689;

font-family: "Trebuchet MS", Helvetica, sans-serif;

font-size: 30px;

color: #6D6E70;

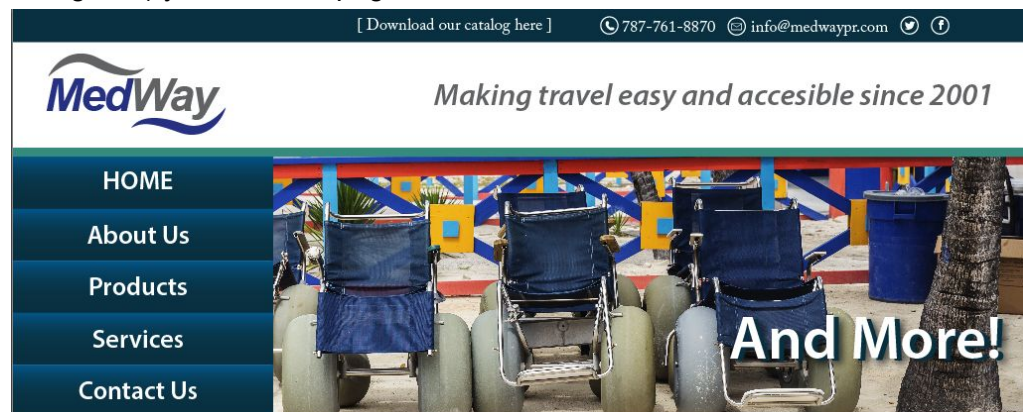

font-style: italic;

- D. Con el logo a la izquierda con un margin: 25px;

II. Carousel (600px x 250px)

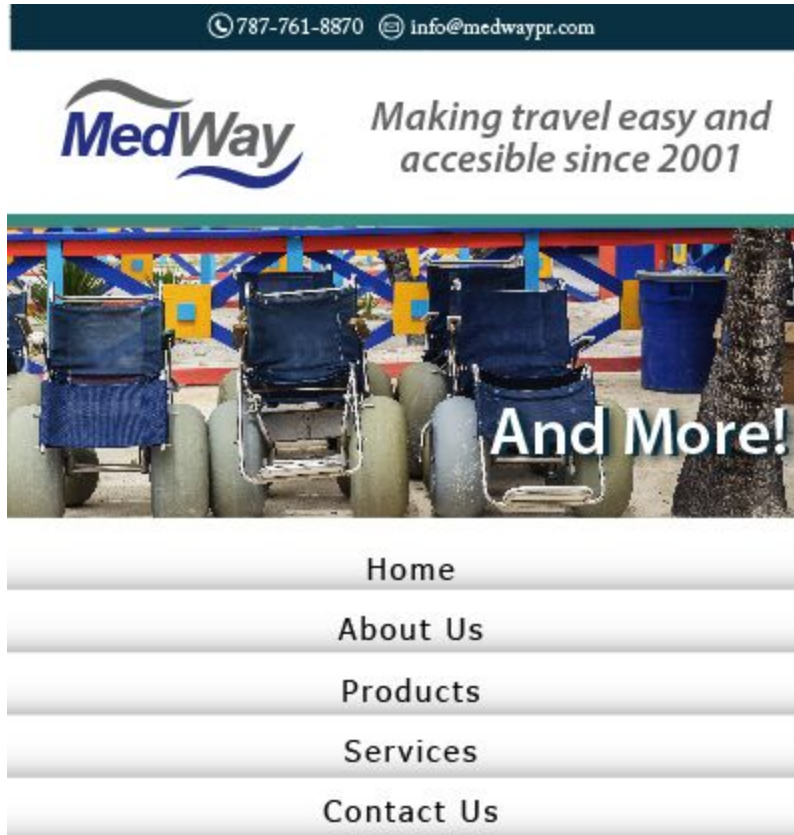

- A. Poner solo las 4 fotos que están en el folder "carousel". [\[link\]](#)

- B. Poner los enlaces de navegación al lado izquierdo (desde el borde del navegador) y el carousel pegado a la derecha. Así:

- C. No creo que el carousel tiene que ser responsive, creo que el ancho de los botones puede ser en porciento y después de cierto breakpoint, ~~los botones se desaparecan y se hagan navbar-toggle~~. Para mobile pueden estar debajo del

carousel uno debajo del otro. Algo así:

III. Contenido del Home:

- A. Deja los párrafos como los tienes pero es importante que pongas el banner vertical con la imagen del teléfono. Te creé la imagen pero no estaba segura cuan grande la necesitabas, el fondo es: #b1e4e6. Te incluí el photoshop por si

necesitas editarla.

- IV. Los Membership and Affiliations ponlos así para que cuando la pantalla sea más pequeña ellos vayan quedando uno debajo del otro o de dos en dos, como si fuera un listado.

- V. FOOTER: Vamos a hacerlo más pequeño. El efecto que hiciste para el número de teléfono se lo puedes dar al "book now" y el book now debe enlazar a contact.

VI. El Contenido del About Us: Ponlo en 3 columnas así:

Creo que lo debes hacer en DIVS para que en pantallas más pequeñas vaya quedando uno debajo del otro así:

- A. Abajo de esa info, los mismo de los memberships and affiliations y el footer.
- VII. Products
 - A. A Gustavo no le gustó la fade de la unión de las imágenes so vamos a regresar a tu sugerencia inicial de poner los productos, así el fade no se notará. Ya te preparé las imágenes, están en el folder Carousel Productos.
- VIII. La página de Services entiendo se puede quedar como está.
- IX. La página de contacto igual, ya no se ve el pin map. Lo único que le cambiaría es que que el párrafo y título de Contact Information no esté tan grande.

¡Gracias gracias gracias gracias!
